

## JOB FAIRS AT SIMATS

The Saveetha Institute of Medical and Technical Sciences takes great care in conducting job fairs and ensuring that the career fairs are well-organized, and that the students get the best possible exposure to the companies. The Institute believes in providing students with practical experience and exposure to real-life scenarios, and the job fair is one of the ways to achieve this goal. It not only helps students to build their careers but also helps companies to find the right talent to match their requirements. Till date, more than 200 leading companies have been invited to conduct job fairs at SIMATS bi-annually.
