

PLACEMENT TRAINING - NATIONAL PLACEMENTS

SIMATS Deemed University offers placement training to engineering, dental, medical, management and law students, with the aim of preparing them for national level recruitment. The university has a dedicated placement cell that is responsible for conducting various training programs and workshops to enhance the students' employability skills. The placement cell conducts training sessions on a regular basis, covering topics such as resume building, interview skills, group discussions, aptitude tests, and communication skills. The students are also exposed to mock interview sessions, which help them to understand the recruitment process and the expectations of the employers. The university has a good track record of placements, with a high percentage of students getting placed in reputed companies. The placement cell also organizes campus placement drives, where companies from various industries come to recruit students from different streams.
